Sir:

Pursuant to MPEP § 713.04, Attorneys for Applicant submit the following statement of the substance of a telephonic interview held on November 7, 2005 between Primary Examiner Michael C. Wilson and Attorneys for Applicant, Adriane M. Antler and Henry P. Wu, in connection with the above-identified application. An Interview Summary, accompanied by a Notice of Allowance and Fee(s) Due, was mailed on November 17, 2005.

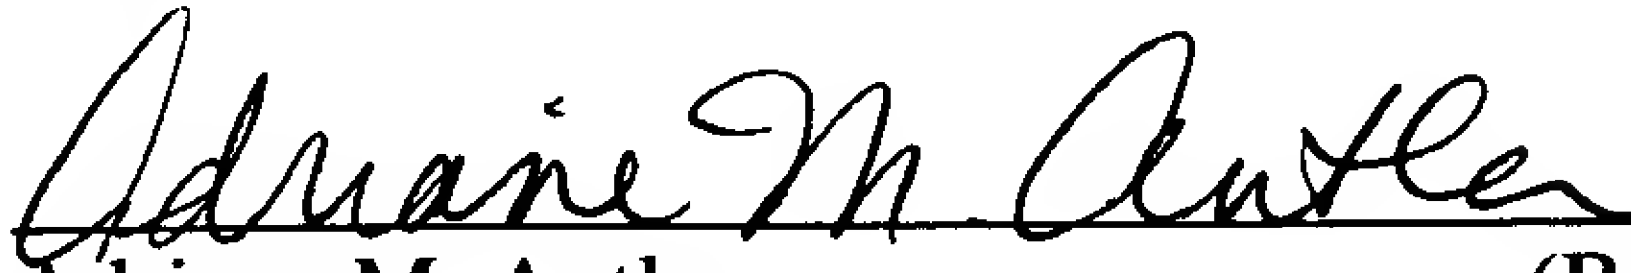

During the interview, Dr. Antler pointed out two exhibits in the Declaration of Charlotte Kensil Under 37 C.F.R. § 1.132, filed on April 26, 2004, as support for the structural and functional correlation among *Quillaja saponaria* (QS) saponins. The common structure of QS saponins is described in Exhibit 7 (Kensil et al., 1993, AIDS Res. Rev. 3:379-389) at Figure 2. The common function of QS saponins is demonstrated in Exhibit 13 (Kensil et al., 1991, J. Immunol. 146:431-437) at Figure 3. Examiner Wilson indicated that he was convinced and that a Notice of Allowance should be forthcoming.

Attorneys for Applicant respectfully requests entry of the foregoing remarks into the file history of the above-identified application.

It is believed that no fee is due in connection with this Statement; however, in the event any fee is required, please charge the required fee to Jones Day Deposit Account No. 50-3013.

Respectfully submitted,

Date: December 14, 2005
